

## A knot of protection

<b>Instructions</b>	Cubs to stand in a circle with their rope. Each Cub wraps the rope around one wrist and then ties the end of his/her rope to the Cub standing on his/her left. They can use a sheet bend mainly but can use a reef, slip reef or fisherman's knot as well. Once all the knots are tied, the Cubs will all be joined together. Reminder of how all Cubs and Scouts around the world are brothers and sisters (one of the Scout laws).
