

Birds Fly

Category	Game
Type	Steam release
Time to allocate (mins)	10
Instructions	<p>This is a quick cub game that can be used as a filler or an improvised game. Akela tells the cubs to flap their arms up and down and run around when he names something that flies.</p> <p>When he mentions something that doesn't fly, they must hold still. Those who make a mistake must drop out.</p> <p>To confuse things, the leader flaps his arms at every command. The commands should be given in quick succession, e.g. Hadedas fly, geese fly, pigs fly, dogs fly.</p>
