

Build that thing

Category	Activities
Advancement	Healthy Mind
Time to allocate (mins)	35
Outcome	To use the sense of sight in memory game
Resources	lego pictures of structures/items to be built
Instructions	Provide the Cubs with the pictures prepared. They need to look for a minute and then (in Sixes or smaller groups) need to try and recreate the picture from memory in lego. Structures can be easy or difficult as the Cubs can manage.
