Time to allocate (mins)	10

Telling time snap game

Print out and sort into decks that will include all 72 cards.

Instructions Each six to get a deck of time cards, shuffle them up.

Work together to sort them into all the times that mean the same thing.

You could shuffle them again, and two Cubs at a time play Snap! As soon as someone wins a Snap with matched times, the loser swops out with another Cub in their six.
