My name's Joe (Chant)

Hello. My name's Joe,

And I work at the button factory.

One day my boss came up to me and he said:

"Hello Joe are you busy, are you busy, are you busy are you Joe?"

And I said "No"

So he said "Press this button with your left hand."

So I did.

Left hand, right hand , left foot, right foot, nose, tongue

Last verse with tongue still out

Hello.....etc

"Hello Joe are you busy, are you busy, are you busy are you Joe?"

And I said "Yes"
