

Steal the Bacon

Category	Game
Type	Team game
Time to allocate (mins)	10
Instructions	<p>Two teams line up facing each other with a large space between them. In the middle of the two teams an object is placed that represents the “bacon”. Each team captain gives each of her team members a number. Then the captains from each team take turns calling out numbers. The two players (one from each team) whose number was called advance to the “bacon.” Each player tries to steal the “bacon” without being tagged by the opposing player. When the “bacon” is successfully stolen, one point is earned for that team. When a player tags the opposing player with the “bacon” before she reaches her team another point is earned.</p>
