29 Aug 10:35	10	Game : Skin the Snake		Cubs stand in single file. Each cub reaches down between his own legs with his right hand. Each scout grabs the right hand of the Cub in front of him with his left hand. On 'GO', the front scout walks backwards, straddling all the cubs in line. As he does this, he is pulling the 2nd cub who does the same thing. When the last scout is pulled to standing, the snake is skinned and the pack gives a yell.	Akela

Today, some Indian Hindu people celebrate Raksha Bandhan. The sister prays for her brother while she ties on the red string around his wrist and the brother promises protection for his sister. It is a "knot of protection"

Each Cub wraps the rope around one wrist and then ties the end of his/her rope to the Cub standing on his/her left. Reminder of how all Cubs and Scouts around the world are brothers and sisters (one of the Scout laws).	Raksha

Mandala (Sanskrit Maṇḍala, 'circle') is a spiritual and ritual symbol in Indian religions, representing the universe.					
29 Aug 12:05	20	Crafts : Mandala Drawings	Sidewalk chalks	<p>A mandala is a complex abstract design that is usually circular in form. In fact, "mandala" is a Sanskrit word that means "circle". Mandalas generally have one identifiable center point, from which emanates an array of symbols, shapes and forms.</p> <p>Mandalas can contain both geometric and organic forms. They can also contain recognizable images that carry meaning for the person who is creating it.</p> <p>The best thing about designing your own mandala is that you have the freedom to choose whatever shapes and colors that you feel express your sense of self and your view of reality. Your mandala is <i>yours</i>, and you have the freedom to use your creativity to create a mandala drawing that is uniquely you.</p> <p>The first step in how to draw a mandala is to measure out a square shape. The square can be as big or as small as you like. The bigger the square, the more room you will have for putting in lots of detail and color.</p> <p>Next, draw a dot in the very center of the square.</p> <p>The next step in how to draw a mandala is to draw a series of circles around this dot. Once you've drawn the dot in the center of your square, one easy way to draw circles is to use a compass. You can also draw around plates, cups, etc.</p> <p>Now that you've drawn the basic outline for your mandala, you can begin drawing designs in your mandala!</p> <p>You can use coloured chalk but coloured sand, flour and other items can also be used to make the patterns.</p>	Akela

				The important this is to repeat your pattern . For example, if you draw a circle on one of the lines, be sure to draw it in the same spot on the other lines.
